"Defend the cause of the weak and fatherless; maintain the rights of the poor and oppressed. Rescue the weak and needy" Psalm 82:3-4

Hello Friends,

**We pray you had an extremely blessed Christmas and are enjoying a Happy New Year as you celebrate Jesus, God's gift to the world with your family and friends!**

**The year 2006 has been a year of fulfilled dreams in the mission ministry God has called us to and we are so thankful to God for His favor and love but also to you for your encouragement and help!** We started the year 2006 dreaming about building the ministry center in the Marques area of Lima, Peru with Pastor Fabian, Cecilia and Hector Del Carpio our Peruvian co-laborers. **All we had was the dream God had placed in our heart and the measure of faith He knew we needed to embrace that dream and to see it through.** At times, all God wants is for us to take that step of faith out of the boat, like the Apostle Peter did and onto that vast sea of dreams He has placed before us. Even if we occasionally sink, like Peter did, God still smiles on us because we at least took that step of faith, putting us in His merciful hands. **Thank you for taking it with us and for believing God with us!**

**The dream for this area of Peru is being fulfilled as we work together in God's plan.** In response to God's call, some prayed, others came on a construction team and still others sent the financial support needed to send a team member, hire an indigenous worker or to help pay the cost of building materials.

**The picture on the upper right shows the building now with all three floors including the roof. The outside of the building is complete (except for stucco) but we still have the inside to do! As God provides, we will work on the inside of the building.** We still need to run electric, install plumbing fixtures (we should have water to the building sometime next year), hang doors and install windows. It cost about \$30,000 thus far, to build this three-story building we call The Marques Ministry Center. It will cost approximately \$20,000 to finish the inside, which includes beds for the training center, shelves for the library and tables and chairs etc. In U.S. terms this is a small investment when you consider we'll be sending pastors, ministry workers, relief workers and missionaries out all over the world from the Bible School and Mission Training Center that will be housed on the third floor of the building. **If you would like to help with these expenses, we welcome your support and promise before the Lord to be faithful stewards of your gifts.**

**We're looking forward to 2007 with great anticipation and excitement!** There are some changes we'll be making in 2007 that will help us be better stewards as we continue our quest to go into all the world. We'll share these with you in a future newsletter.

**In 2007 our plans include:**

- \* *Heading back to Peru and Colombia with mission teams*
- \* *Finishing the inside of The Marques Project - Ministry Center*
- \* *Special Conferences for equipping indigenous Pastors & Ministry Workers. (Also for men, women and youth)*
- \* *Preparing the curriculum for the opening of the Bible School and Mission Training Center in January 2008*
- \* *Branching out into India to work with an indigenous missionary & ministry there*
- \* *Lima youth Camp*
- \* *Establishing a new feeding center or centers*

**In closing, we send our sincere thanks to the individuals, ministries and churches who have supported us so faithfully in what God has called us to do. We also send thanks on behalf of all the lives you have touched through your sharing.**

In His love and service,

*PS - We encourage you to visit our website, [www.messageministries.org](http://www.messageministries.org) to check out our online videos, music, mission reports, teaching, mission training materials and news on upcoming mission trips for 2007.*
