

# Think About It!

by Brian Weller

missiontraining.org

**I found a statistic recently that said in the hands of Christians in the world today there is 2.5 trillion dollars of disposable income. That's money that we don't need to pay our bills. It's estimated that Christians give 1/3 of one percent of that money to fulfilling the Great Commission on the harvest fields of the world. If all of us would give 1/20 of one percent more we could send 100,000 new missionaries into the 10/40 area of the world where an estimated 50,000 people die each day that have never heard about Jesus Christ at all!**

World Missions isn't about a few people doing a lot (although I wouldn't cut back if you are doing a lot). God's plan is that all of us do something. There was an old statistic that said only 8% of all Christians ever knowingly give to world missions. Imagine if all of us did our part. **Could you spare 1/20 of 1 percent more on top of what you are already giving to get the gospel where it hasn't been yet. Imagine the effect. Millions more in eternity, forever with God and us!** Brothers and sisters, as Leonard Ravenhill once said, "Hell has no exits". Let's help people find the way to Heaven. **What greater thing can we invest our time and resources into than helping people find Jesus, the only way to Heaven?**

**Let's begin to do what we would regret we hadn't done if Jesus came back today and we were looking back on our earthly lives from the other side of eternity.** I want to get more involved in getting the Word into the 10/40 window area of the world. If you want to help? **Visit [missionaryventures.org](http://missionaryventures.org)**

**PS—Did you know more money was spent on Church financial audits in 2002 in the U.S. than on World Missions?**
